## Professional Experience

- ◆ **Frontend Developer & UX Designer**  
Paramountrix AB | Malmö | 2023 - 2024  
Startup working with data visualization and **sustainability**. Developed the **UI** and front-end assets for both web and app. Responsibilities included the overall **visual communication**, concept development and keeping our code clean.
- ◆ **Web & UX Designer**  
Freelancer | Hjärrup | 2020 - 2022  
Put focus on **user experience** and **accessibility**, with an increasing amount of **UX methodology**. Additional time spent **educating myself**, gaining new skills, such as coaching and 3D modeling.
- ◆ **Chef**
  - ◆ Annas Kök | Lund | 2017 - 2021  
Kitchen with a greatly varied working process and responsibilities. Got better at **collaboration** and honed my **problem-solving skills**. Involved a fair share of **customer relation** and service.
  - ◆ Peder Oxe | Copenhagen | 2015 - 2016  
Kitchen with high pressure. Developed how to **structure** my work, being **proactive** and to properly **communicate** as a team-member. Pressed my **time management** skills to the max.
  - ◆ Various | Skåne | 2014 - 2015  
Cooking at different kitchens where the routines have been varied. Sharpened my ability to **adapt**, to **learn on the go**, and working **across multiple teams and disciplines**.
- ◆ **Web & Visual Designer**  
Freelance | Lund | 2009 - 2014  
Ran a graphic design business that did mainly frontend work. Developed my ability for **feedback iteration**, **business sense**, and how to **collaborate** with stakeholders and those outside my field.
- ◆ **Volunteer**  
Kristianstads Nation | Lund | 2009 - 2014  
Active in my student organization, both as a person in charge and as an ordinary volunteer. Spent last year as a member of the board. Pushed my **organizational** skills, my sense of **responsibility** and how to **teach**, **motivate** and **communicate** with other volunteers.
